Statement of findings

Assemblies of God Incorporated
UKPRN: 10020416

TEF Bronze

This award was made in June 2019.

The TEF Panel reviewed the provider metrics and provider submission according to the process and criteria specified in the TEF guidance.

Based on the available data, the provider metrics indicate that most of its full-time students achieve good outcomes. In particular, the Panel noted high levels of student satisfaction with teaching on my course, assessment and feedback, and academic support. Rates of continuation and progression to employment, highly skilled employment or further study are consistent with the provider's benchmarks.

The Panel considered the provider's submission in relation to the TEF criteria and its judgement reflects, in particular, evidence of:

- a balance of academic study and practical application, supported by ongoing placements during the year, which facilitate good student engagement and commitment to learning
- appropriate resources to support learning, including a leading specialist archive
- personalised learning opportunities and an inclusive learning environment
- preparation for employment through sufficient opportunities for student engagement with professional practice.

Overall, the TEF Panel judged that the combination of evidence in the provider metrics and the provider submission best fits the descriptor for a Bronze award.
