Statement of findings

Unified Seevic Palmer's College
UKPRN: 10005736

TEF Silver

This award was made in June 2019.

The TEF Panel reviewed the provider metrics and provider submission according to the process and criteria specified in the TEF guidance.

The provider metrics supplemented by the submission indicate that students achieve excellent outcomes. Levels of part-time student satisfaction are exceptionally high and above the provider's benchmark. Progression to employment or further study is high, while part-time student progression to highly skilled employment or further study is consistent with the provider's benchmark.

The Panel considered the provider's submission and supplementary metrics in relation to the TEF criteria and its judgement reflects, in particular, evidence of:

- a strategic and coherent approach to facilitating, recognising and rewarding teaching which drives up the quality of teaching and learning
- mechanisms in place to enhance the students' capacity to understand and respond to assessment feedback, enabled by academic support tutors and individualised feedback accompanied with target setting
- course design and delivery which enables students to acquire knowledge, skills and understanding that are highly valued by employers.

Overall, the TEF Panel judged that the combination of evidence in the provider metrics and the provider submission best fits the descriptor for a Silver award.
