TEF award summary
Statement of findings

The London Institute of Banking & Finance
UKPRN: 10008289

TEF Silver

This award was made in June 2019.

The TEF Panel reviewed the provider metrics and provider submission according to the process and criteria specified in the TEF guidance.

Based on the available data, the provider metrics are broadly consistent with its benchmarks for all students. Levels of student satisfaction with teaching on my course, assessment and feedback, and academic support are consistent with the provider's benchmark for all students. There are low continuation rates for part-time students, with the Panel judging that this was fully addressed in the submission.

The Panel considered the provider's submission and supplementary metrics, where appropriate, in relation to the TEF criteria and its judgement reflects, in particular, evidence of:

- academic staff recruitment and professional support being aligned to the financial services environment to ensure that students are engaged with developments from the forefront of scholarship and practice
- course design providing scope for high levels of stretch that ensures all students are significantly challenged
- the development of independence, knowledge, skills and understanding that secure high levels of engagement and commitment to learning and study from all students.

Overall, the TEF Panel judged that the combination of evidence in the provider metrics and the provider submission best fits the descriptor for a Silver award.
