TEF award summary
Statement of findings

Mont Rose College of Management and Sciences Limited

UKPRN: 10023777

TEF Silver

This award was made in June 2019.

The TEF Panel reviewed the provider metrics and provider submission according to the process and criteria specified in the TEF guidance.

The provider metrics supplemented by the submission indicate that its students achieve excellent outcomes. In particular the Panel noted that levels of full-time student satisfaction with teaching on my course, assessment and feedback, and academic support are exceptionally high and above the provider's benchmark. Rates for continuation and progression to employment or further study metrics are above the provider's benchmark. Progression rates to highly skilled employment or further study are below the provider's benchmark. The Panel deemed this was partially addressed in the submission.

The Panel considered the provider's submission in relation to the TEF criteria and its judgement reflects, in particular, evidence of:

- a wide range of student engagement opportunities that secure high levels of commitment to learning and study
- an institutional culture that facilitates and recognises student involvement in new mechanisms for improving teaching and learning
- student engagement with developments from the forefront of scholarship and practice through involvement in the Mont Rose Journal of Academic Reviews
- high quality motivational programmes that are highly valued by students and employers through the involvement of guest speakers from industry
- a focus on high levels of stretch that ensures all students are significantly challenged through employability programmes and initiatives.

Overall, the TEF Panel judged that the combination of evidence in the provider metrics and the provider submission best fits the descriptor for a Silver award.
