TEF award summary
Statement of findings

Futureworks Training Limited
UKPRN: 10022087

TEF Silver

This award was made in June 2019.

The TEF Panel reviewed the provider metrics and provider submission according to the process and criteria specified in the TEF guidance.

The provider metrics supplemented by the submission indicate that students from all backgrounds achieve excellent outcomes, with student satisfaction in academic support consistently above benchmark. Progression to highly skilled employment, or further study is below the provider's benchmark. The Panel deemed this was fully addressed in the submission.

The Panel considered the provider's submission in relation to the TEF criteria and its judgement reflects, in particular, evidence of:

- course design and assessment practices that provide scope for high levels of stretch that ensures all learners are significantly challenged
- appropriate levels of contact that secures high levels of student engagement and commitment to learning and study from students
- extensive student support with regard to employability that enables students to acquire knowledge, skills and understanding that are highly valued by employers and helps prepare students for work in the creative industries
- an institutional culture that facilitates, recognises and rewards the development of excellent teaching.

Overall, the TEF Panel judged that the combination of evidence in the provider metrics and the provider submission best fits the descriptor for a Silver award.
