Statement of findings

Luther King House Educational Trust
UKPRN: 10009612

TEF Bronze

This award was made in June 2019.

The TEF Panel reviewed the provider metrics and provider submission according to the process and criteria specified in the TEF guidance.

The provider metrics supplemented by the submission indicate that most students achieve good outcomes. Levels of full-time student satisfaction are high, but continuation rates and employment outcomes are low. The Panel judged this was partially addressed in the submission. For part-time students, rates of progression to employment, highly skilled employment, or further study are high.

The Panel considered the provider's submission in relation to the TEF criteria and its judgement reflects, in particular, evidence of:

- personalised learning provision within a context of strong pastoral support that secures good engagement and commitment to learning and study from most students
- staff who are practitioners, which enables students to draw on their experience
- extensive library resources that are used by students to further learning and research.

Overall, the TEF Panel judged that the combination of evidence in the provider metrics and the provider submission best fits the descriptor for a Bronze award.
