TEF award summary
Statement of findings

Point Blank Limited
UKPRN: 10019178

TEF Silver

This award was made in June 2019.

The TEF Panel reviewed the provider metrics and provider submission according to the process and criteria specified in the TEF guidance.

The provider metrics supplemented by the submission indicate that students achieve excellent outcomes. Progression to highly skilled employment or further study are above the provider's benchmark. The provider metrics indicate that continuation rates are low. The Panel judged that these metrics were partially addressed in the submission. Based on the available data, the provider metrics for student satisfaction are broadly consistent with its benchmarks.

The Panel considered the provider's submission in relation to the TEF criteria and its judgement reflects, in particular, evidence of:

- a strong industry focus supported by numerous connections with the music industry that provide relevant and specialist careers support
- high levels of contact time, including outstanding personalised provision, that secures the highest levels of engagement and active commitment to learning and study from students
- initiatives to develop course design and assessment practices that provide scope for high levels of stretch that ensures all students are significantly challenged
- teaching provided by practitioners whose expertise and industry links positively impact on student learning opportunities through the curriculum and through additional activities.

Overall, the TEF Panel judged that the combination of evidence in the provider metrics and the provider submission best fits the descriptor for a Silver award.
