Workbook exercises

On your tables / in your delegate packs you have:

- A3 printed copies of the HEIFES18 tables
- The HEIFES table exercises sheet – contains information for several courses.
- Copies of the HEIFES18 guidance

For each course, use the information given to fill in the relevant tables.

We'll stop and go over the first course in 5-10 minutes.

Seminar exercises

Things to consider:

- When do the students start the course? (should they be entered on the Courses table or Column 2 of Tables 1, 2, 3 and 5?)
- What is the **LARS code** for the course?
- What is the **mode of study** for the course? (Which column of the Courses table does this match with?)
- What **level of study** is it? Is it long or standard length?
- How many total fundable / non-fundable student numbers are there?
- Looking at the historical info, how many **non-completions** should be forecast?
- For Tables 5 and 6, which students are new entrants?
- Are there any sub-contracted students? (Table 6)
