About this workbook

This workbook collects data from providers in, or applying to be in, the Approved (fee cap) category of the Office for Students (OfS) register.

This workbook collects counts of years of instance at a provider in the 2022-23 academic year as defined in the HESES22 guidance, compares the data collected to student data returns from previous years and models funding based on the data collected. (All modelling should be treated as illustrative only and should not be considered to be any kind of funding commitment by the OfS.)

Table 6b has been removed for HESES22. Naming conventions for Table 6a and 6c remain the same.

Completed workbooks can be uploaded any number of times until the deadline for submission. When the deadline passes, the latest uploaded version will be taken as the final one for submission.

Any workbook uploaded before the census date will be treated as invalid, and a further workbook will need to be uploaded on or after the census date to pass validation checks.

If you require an accessible version of this workbook please contact HESES@officeforstudents.org.uk

Guidance

What does the HESES22 workbook do?

- Gives an early indication of the number of higher education students studying in the academic year 2022-23
- It does this by:
 - **Categorising** students (today's webinar), and then
 - **Counting** them in their different categories (next webinar).

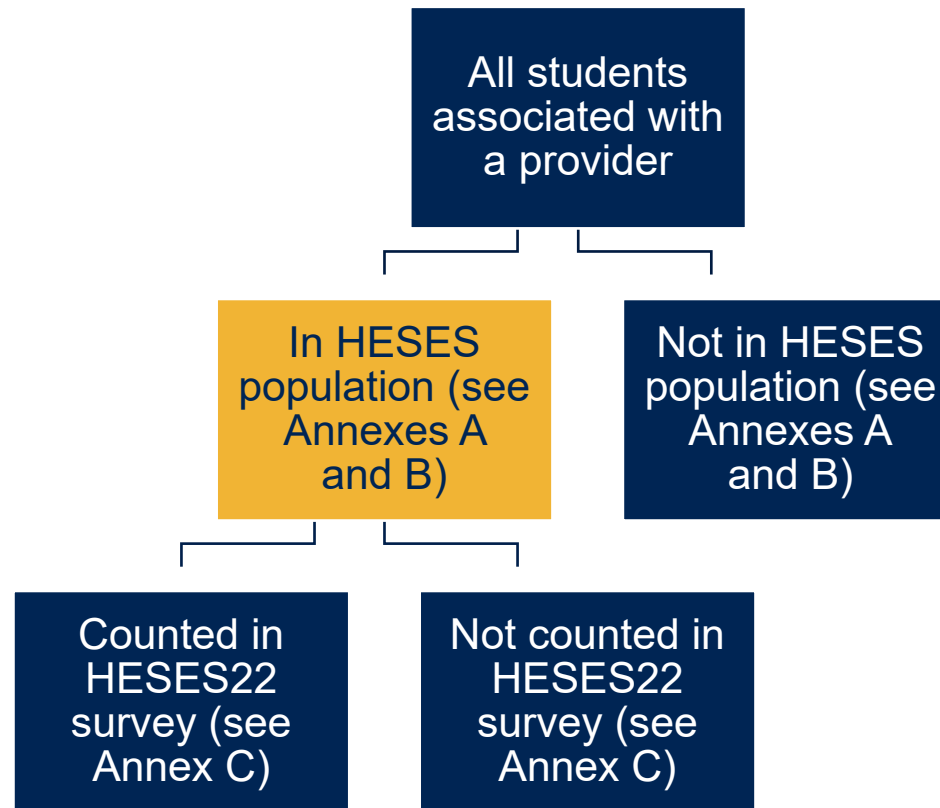

The HESES22 population

What is recorded in HESES?

- HESES counts ‘**years of instance**’
- Definition: an **instance** - a coherent engagement with a provider by a student aiming towards the award of one or more qualifications, or of credit
 - usually several years long but could just be one year (e.g. postgraduate awards) or less
 - progressing from one related course to another is usually considered to be one instance e.g. Foundation degree to BSc
- Counting years of instance is not the same as student headcount
 - that would distort part-time study activity – more on this in the next webinar (full-time equivalence (FTE))
 - possible for one student to be generate more than one year of instance (although this is rare and limitations may apply: see the HESES guidance).

Working out who to include in HESES22

Who is included in the HESES22 population?

- Students must be:
 - aiming for a **recognised higher education** qualification
 - or for higher-education-level credit that can be counted towards one
 - **registered** with a provider and actively pursuing studies in 2022-23 academic year
 - spending no more than half the active study time for their whole instance outside the UK
- Note: HESES22 counts **all** years of instance that **start** in the 2022-23 academic year, not just those for students starting their studies in 2022-23.

Definition of recognised higher education

A course is recognised higher education for OfS funding purposes if it is:

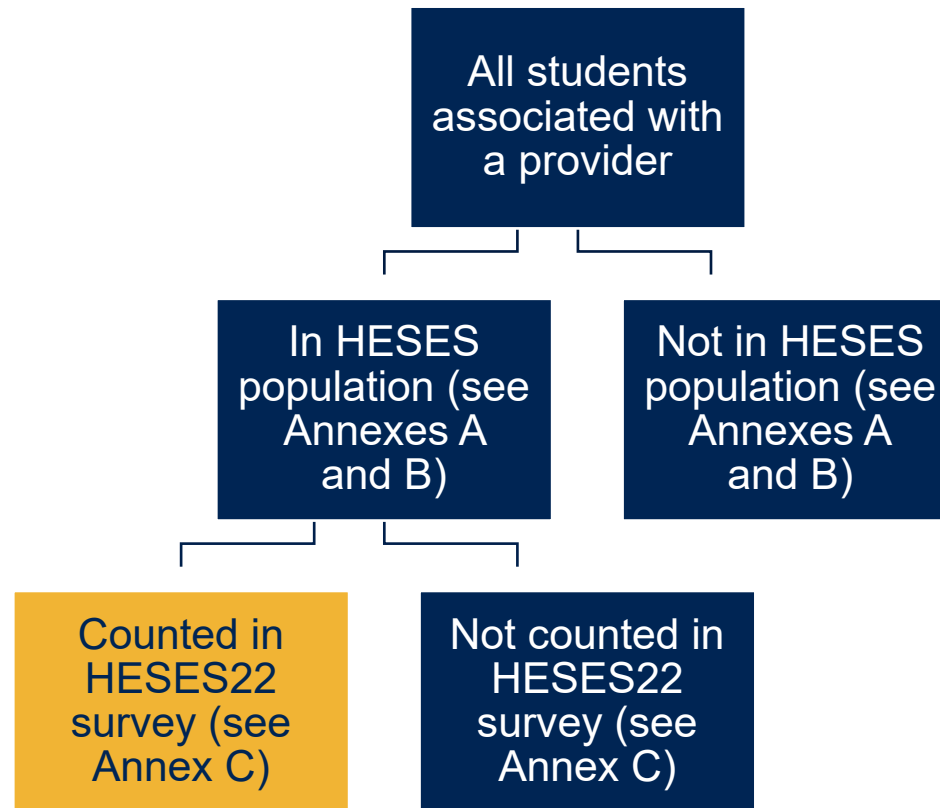

- a course that is designated under the Education (Student Support) Regulations 2011
- a ‘course of higher education’ as defined in Schedule 6 of the Education Reform Act 1988, other than one leading to a qualification in the Register of Regulated Qualifications.

Study for higher-education-level credit may also be included if it meets the criteria in Schedule 6 of the Education Reform Act 1988 and **either**:

- it is not credit that may count only towards a qualification in the Register of Regulated Qualifications
- it is credit that may count towards a course that is designated under the Education (Student Support) Regulations 2011.

HESES22 guidance document – annex B

Working out who to include in HESES22

Which years of instance to count in HESES22

- To be counted, years of instance for 2022-23 must meet all these criteria:
 - A fee must be charged – see Annex C for more detail
 - The full-time equivalence (FTE) must be at least 0.03
 - The student is not “writing-up” throughout the entire year
 - The student has not withdrawn (and is not forecast to withdraw), within two weeks of starting their instance.
- There will be more about **how** to count years of instance in the next webinar.

Who is included in the HESES22 population?

- Students must be:
 - aiming for a **recognised higher education** qualification
 - or for higher-education-level credit that can be counted towards one
 - **registered with a provider and actively pursuing studies in 2022-23 academic year**
 - spending no more than half the active study for their whole instance outside the UK
- Note: HESES22 counts **all** years of instance that **start** in the 2022-23 academic year, not just those for students starting their courses in 2022-23.

Students “registered with a provider”

- Students should only be returned in HESES22 (and in other student returns) by the provider that they are **registered** with
- This is the provider which has the ‘full contractual responsibility to the student for the provision of educational services’
 - the registering provider is the one that has tuition fees paid to them (usually by the Student Loans Company)
 - for students on apprenticeships, this is the same as the **lead provider** for the **Education and Skills Funding Agency (ESFA)** i.e. the provider that receives the apprenticeship funding from the ESFA
- Further guidance on this, including on joint courses and exchange students, is in Annex A of the HESES guidance.

Validation and sub-contracting

- Where providers are in a partnership, this could be:
 - **Validation arrangement** (awards made are “validated” by another provider)
 - students are registered with the teaching provider which will report them in its data returns
 - **Sub-contractual (‘franchise’) arrangement**
 - students are **not** registered by the teaching provider
 - the teaching provider is teaching on behalf of the registering provider
 - in this case the teaching provider does **not** report students in their data returns
- For further information, please see the HESES guidance (Annex A).

Notes on apprenticeships

Some students may be taking their higher education qualification as part of an **apprenticeship**:

- They should be registered with and reported by the lead provider (usually contracted by the ESFA)
- We only fund activity related to the higher education course
- They are not considered to be closed courses
- They are reported in HESES the same as any other student
 - additional data is being collected on **degree apprenticeship courses** in the new table 7.

Any questions?

Please use the Q&A box

Categorising your students:

Mode, price group, length of year and level

Student categories in the HESES workbook

- At the highest level, categorised by **mode** on separate tables in the workbook

Information	Courses	1 Full-time	2 Sandwich	3 Part-time	4 Year abroad	5 Planning	6a Health full-time	6b
-------------	---------	-------------	------------	-------------	---------------	------------	---------------------	----

(The courses table is for further education and sixth form colleges and academies only and we will talk about this in the next webinar.)

Mode (Annex H)

- Determines which table to record a student on in the HESES workbook
- Can be
 - full-time: table 1
 - sandwich year out: table 2
 - part-time: table 3
- Mutually exclusive
- (The other tables shown here analyse the same data in different ways – more on these later.)

Table name	Mode recorded
Courses*	All
1: Full-time	Full-time
2: Sandwich	Sandwich year out
3: Part-time	Part-time
4: Year abroad	Full-time and sandwich year out
5: Planning	All
6a and 6c: Health	All
7: Degree apprenticeships	All

* Courses table: Further education and sixth-form colleges and academies only.

Mode: full-time (table 1)

- Full-time fees are chargeable
 - Fees can be waived, but there are restrictions on this (see Annex H)
- Normally required to **attend** for at least **24 weeks in the year** of instance at a specific location
 - at the provider themselves or somewhere else (e.g. sub-contracted location)
- Undertake study, tuition, learning in the workplace, work placement for an average of at least **21 hours per week**
 - Can include time spent on a sandwich work placement, **if** the year doesn't meet the criteria to be a sandwich year out.

Mode: sandwich year out (table 2)

A year of instance is counted as a sandwich year out if it includes a period of work-based experience **and** it meets these criteria:

- A reduced fee is chargeable
- Meets the definition given in the student support regulations **OR** is an Erasmus year abroad spent working
- Meets the time-based criteria in Annex H
 - No more than 10 weeks of full-time study **OR**
 - The total of all the time spent not in full-time study (e.g. work placement) goes over 30 weeks

Examples given in Annex H.

Mode: sandwich year out - example

- Year 1
 - 15 weeks of full-time study + 16-week placement
 - Mode is **full-time** because:
 - full-time fees are chargeable
 - required to attend for at least 24 weeks
 - **study**, tuition, learning in the workplace, **work placement** for at least 21 hours per week
- Year 2
 - 15 weeks of full-time study + 16-week placement
 - Mode is **sandwich year out** because:
 - total time so far **not** in full-time study > 30 weeks (two 16-week placements = 32 weeks).

Mode: part-time (table 3)

- If a year does not meet the definitions for:
 - full-time or
 - sandwich year out
 - then **for HESES purposes** it is considered **part-time**.

Recording mode for apprenticeship students

Some students may take a higher education qualification as part of an **apprenticeship**:

- we only fund activity related to the higher education course
- therefore usually part-time
- must satisfy additional criteria to be recorded as full-time
 - see the HESES guidance annex H.

Mode: things to note

- Mode can change between years
 - More detail and examples are in Annex H
- Connection with collection of individualised data
 - For ESFA: the individualised learner record (ILR)
 - For the designated data body: one of the HESA student records
- Introduction of the **Data Futures** project
 - No great impact on HESES22
 - For a deep dive, see our “changes” document:
 - **‘Changes to 2022 student data surveys to inform funding: Notification of changes’**
 - Go to www.officeforstudents.org.uk and search for **“OfS 2022.35”**.

Price groups – what are they?

Years of instance are assigned to one of six **price groups** reflecting the costs associated with particular subjects:

- **A:** clinical years of medical, dental and veterinary courses
- **B:** laboratory-based subjects e.g. chemistry, engineering, certain health care courses
- **C1.1:** strategically important intermediate cost subjects e.g. pre-registration courses in nursing, computing and information technology, and archaeology
- **C1.2:** other intermediate cost subjects covering provision in performing and creative arts and media studies
- **C2:** subjects with a laboratory, studio or fieldwork element e.g. geography, languages, psychology
- **D:** classroom-based subjects e.g. politics, economics, law, English, history
- These are used in calculating grants for various funding allocations.

Price groups – choosing the correct price group

- How are courses assigned to price groups?
 - “specific cases”
 - according to a coding system
 - **FECs:** LearnDirect Class System (LDCS)
 - **Other providers:** Higher Education Classification of Subjects (HECoS) codes
 - Full description in the HESES guidance (Annex G).
- Important to get right
 - may be queried in HESES data verification

Price groups – “specific cases”

There are **a number of specific cases** where the price group is pre-defined:

- sandwich years out
- clinical years of medical, dental and veterinary science courses
- pre-registration courses in nursing, midwifery and allied healthcare
- pre-registration courses in social work
- initial teacher training courses
- full details in Annex G of the HESES guidance
- If not a special case, use:
 - LDCS (FECs)
 - HECoS (others)

Price groups for further education colleges: LDCS codes

- These are associated with the recorded **learning aim** reference of the course
- The Courses table maps learning aims to price groups using this data

Learning aim reference	Course title	Price group 1	Price group 1 proportion
00100633	HNC in Engineering (Mechanical/Manufacture)	B	100%
00239642	BSc (Hons) in Applied Animal Science	B	100%
00300146	BA (Hons) in Child and Youth Studies (Top-Up)	D	100%
60322767	BTEC Higher National Certificate in Sport & Exercise Science	C2	100%

- A mapping of LDCS codes to price groups is also found in Annex G
- You can look up learning aims on the ESFA's search website:
 - <https://submit-learner-data.service.gov.uk/find-a-learning-aim/>
 - For **new courses**, get a learning aim reference from the ESFA **as soon as you can**
 - please let us know if there is a delay.

Price groups for other providers – HECoS codes

- HECoS codes are administered by the Higher Education Statistics agency (HESA)
- HESA has produced guidance for assigning HECoS codes to courses:
 - www.hesa.ac.uk/support/documentation/hecos
- HECoS codes determined by providers.
 - ‘The qualification subject(s) must represent directly, or relate very closely to, the wording on the qualification’s official certificate of award. More than three qualification subjects would generally be regarded as exceptional.’

Price group splits

- Years of instance can be split between price groups, if the course is associated with two (or more) HECoS or LDCS codes
- Activity is split between price groups reflecting how much activity they do in each, **based on the course as a whole**
 - i.e. each year would have the same split of price groups.

Price group splits - example

BSc physics with maths (three-year course): associated with two HECoS codes:

- 100425 (physics) – maps to price group B
- 100403 (mathematics) – maps to price group C2
- Course breakdown:
 - Year 1 – physics 60 per cent, maths 40 per cent
 - Year 2 – physics 40 per cent, maths 60 per cent
 - Year 3 – physics 80 per cent, maths 20 per cent
 - **Average** = physics 60 per cent, maths 40 per cent
- In HESES, **all years of instance** would be recorded with this 60-40 split.

Length: standard and long years

Long years

- Full-time students - where a student is **in attendance for 45 weeks or more** in the year of instance
 - Some restrictions:
 - periods of work experience don't count
 - sandwich years don't count
 - (usually) foundation degrees don't count
 - Part-time students - depends on the length of the equivalent full-time course: see annex J for full details

Standard-length years

- If not a long year, it's a standard-length year.

Example: Table 1

Level of study – undergraduate and postgraduate

- **UG – Undergraduate**
 - no degree level entry requirement.
- **PGT – Postgraduate taught**
 - normal entry requirement is a degree level qualification.
- **PGR – Postgraduate research**
 - qualification aim is a research-based higher degree.

Level of study – undergraduate (UG)

UG – Undergraduate

- no degree level entry requirement
- two sub-levels - determined by the qualification aim for the course:
 - **UG (Level 4 and 5)** e.g. HNC/HND/foundation degree
 - **UG (Other)** e.g. a bachelors' degree/top-up/credit without a qualification aim
- If course has **multiple qualification aims** – check the guidance and/or please talk to us
- Please refer to the HESES guidance (Annex I).

- three sub-levels:
 - **PGT (UG fee):** PGCE, architecture and pre-registration nursing, midwifery and allied health profession (NMAH) courses
 - **PGT (Masters' loan):** students on a **course** that's eligible for masters' loan
 - **PGT (Other):** not in the other categories
- Please refer to the HESES guidance (Annex I).

Fundability status (Annex F) - fees

Fundability status (Annex F) - definitions

Home fee – as defined by the fee regulations

- From 1 August 2022, following changes to legislation, includes further categories of students eligible for home fee status
- May also include some EU students covered by the withdrawal agreements
- Refer to Student Finance England (SFE) regulations for full details.

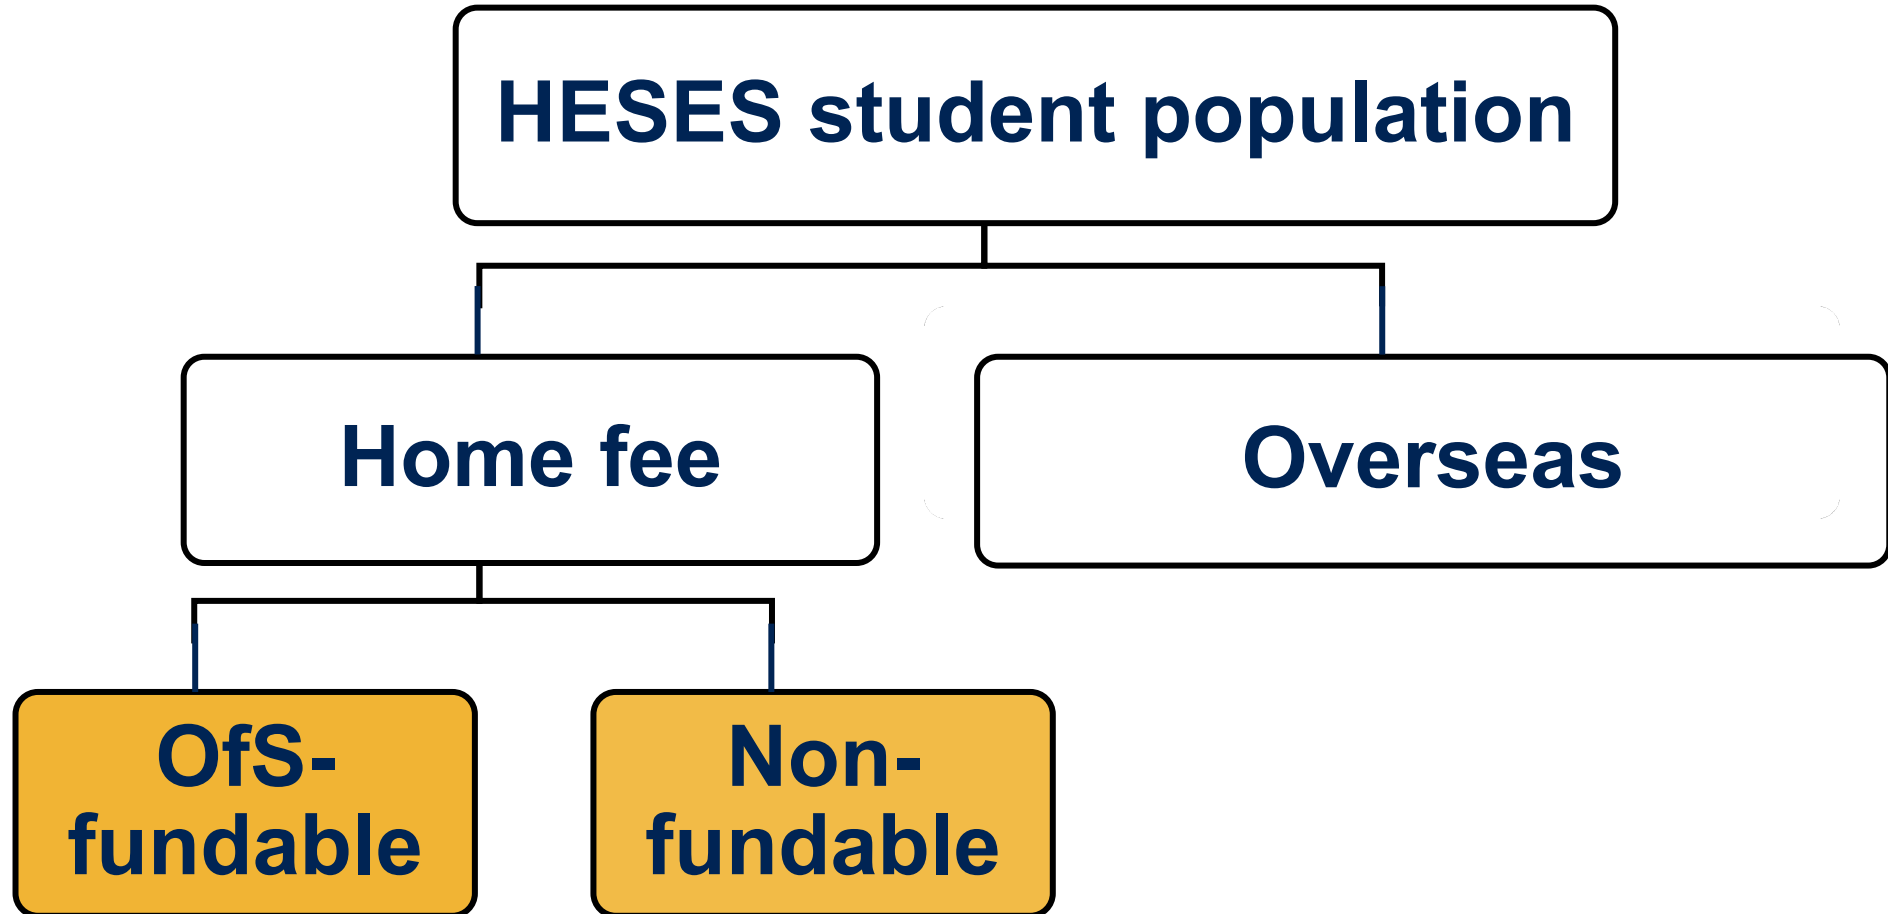

Overseas - those outside the definition of Home fee status

- Not included in funding allocations but we still count them

See Annex F in the HESES guidance

- **Note:** the HESES guidance is **not** definitive – refer to the SFE fee regulations.

Fundability status (Annex F)

Fundability status – fundable or non-fundable?

OfS-fundable:

- Home fee students **unless** they are in one of the categories below.

Non-fundable categories (see annex F for the full list):

- postgraduate research (PGR) students
- initial teacher training (leading to QTS/EYTS) and INSET students
- certain courses commissioned and funded by an NHS organisation
- PGT students funded by another public source
- students on closed courses (**not** students on apprenticeships)
- students aiming for equivalent or lower qualifications (ELQs), unless exempt
- some health-related courses started before funding was transferred from DHSC.

Fundability status: ELQs (1)

Equivalent or lower qualifications (ELQ):

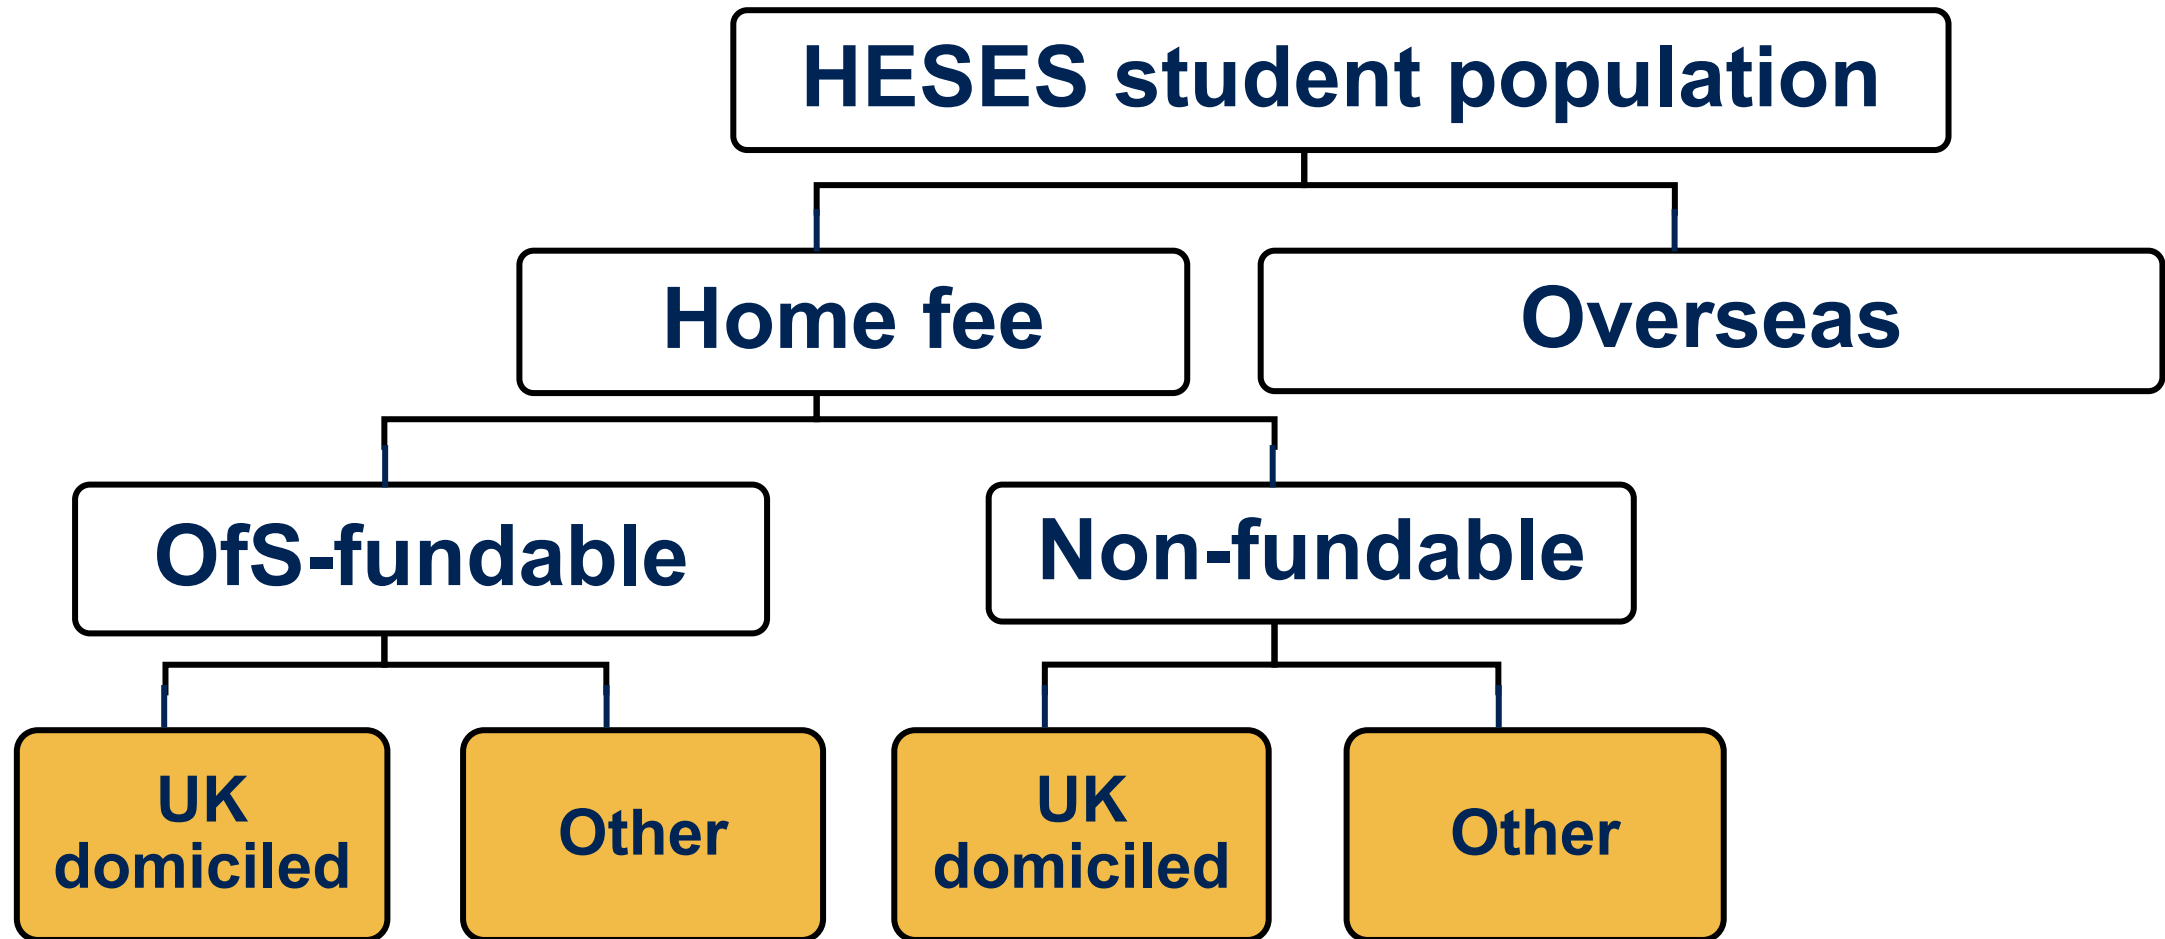

- When students are aiming for a qualification that is at the same level (or lower) than one they have already achieved
- **Generally non-fundable** but there are some exemptions. See HESES guidance Annex F for the full list, but examples are:
 - foundation degrees
 - PGCEs
 - students in receipt of Disabled Students' Allowances
 - a number of health-related courses
- If you don't know a student's prior qualifications, treat them as aiming for an ELQ. (i.e. non-fundable, unless exempt).

Fundability status: ELQs (2)

Note:

- Students can be aiming for more than 1 qualification as part of the same course, e.g. an HND and a degree.
 - For ELQ purposes, assess status against the LOWER qualification
- ELQ is a concept used by some other organisations but be aware that their definition may be different from ours.

Domicile (Annex F)

Domicile

- Shares a definition with the ILR/HESA DOMICILE field:
 - ‘the country code of the student's permanent home address prior to entry to the course. It is not necessarily the correspondence address of the student.’
- Applies to **home fee students only** and can be:
 - **UK-domiciled**
 - entitled to pay Home fees **and**
 - country of domicile = England, Wales, Scotland, Northern Ireland, UK not otherwise specified
 - **Other**
- Domicile is only entered on **Table 5** (and on **the Courses table** for FECs only)

Table 5 section B – new entrants

- Table 5 section B identifies ‘**new entrants**’
- A student can be counted as a new entrant when:
 - they first generate a countable year for that instance
 - they have not been active at the **same broad level** (UG, PGT, PGR) **at the provider** in either of the **two previous academic years**
- This does not include students repeating a year but can include students entering directly onto the second or subsequent years of a course
 - Full details in the HESES guidance (Annex C).
