

Office for
Students

Payment of annual OfS registration fees

Technical guidance for registered
providers

Enquiries to OfS finance team at FeeQueries@officeforstudents.org.uk

Publication date 5 June 2026

Documents referred to in this guidance

Higher Education and Research Act 2017 (HERA):¹ The Office for Students (OfS) was established as the regulator for English higher education by the Higher Education and Research Act 2017. Section 70 makes provision for the OfS to charge providers a fee for their registration in the Register of English higher education providers.

Higher Education (Registration Fees) (England) Regulations 2019 ('the regulations'):² These regulations set out the fees the OfS may charge providers for their inclusion in the Register of English higher education providers. It makes provision for 'initial fees' (for providers joining the Register during a registration year) and 'ongoing fees' (referred to in this guidance as 'annual registration fees'). It also makes provision for micro-provider fee exemptions and reduced fees for new providers (these are referenced in paragraphs 41 to 46 of this document).

OfS regulatory framework:³ This document constitutes the regulatory framework for higher education in England as required under section 75 of HERA. It sets out how the OfS intends to perform its various functions and provides guidance for registered higher education providers on ongoing conditions of registration. Additional information about regulatory requirements is also published by the OfS in the form of regulatory notices and regulatory advice. Condition G3 of the regulatory framework (payment of OfS and designated body fees) is an ongoing condition of registration applying to all registered providers. It requires all providers to pay an annual registration fee and other OfS fees, in accordance with regulations made by the Secretary of State, and fees charged by the designated bodies.

Student number data:⁴ The OfS calculates student numbers for various regulatory purposes and consulted on its methodology in autumn 2018.⁵ The higher education student numbers of providers registered with the OfS are published in full-time equivalence (FTE) as an official statistic on the OfS website.⁶ The table is updated every four weeks and will include any providers that have successfully registered since the last publication. This data is used to establish which fee band a provider falls into (see Annex A of this document).

Summary

1. This guidance is for higher education providers in England that are registered with the Office for Students (OfS).
2. It sets out the process for payment of the annual OfS registration fee⁷ by providers, with specific information about the fees payable for the 2026-27 registration year (1 August 2026 to 31 July 2027).
3. It sets out:
 - how we will calculate registration fees
 - when fees are payable
 - how to pay them
 - the information you need to give to the OfS (through Annexes B and C)
 - the discounts that are available and the providers that are eligible for them.
4. If your provider paid its fees by direct debit last year, and you do not need to tell us about changes to your main contact or your bank accounts, there is no further action for you to take.
5. For a full schedule of key dates and activities required for the 2026-27 annual registration fee, see Table 1 on page 10.
6. Ongoing condition of registration G3 requires each provider to pay its annual OfS registration fee. It also requires each provider to pay the fees charged by the designated data body (Jisc). These fees are required to be paid in full, by the set deadline.
7. The designated data body publishes separate guidance for registered providers about the calculation and collection of its fees.⁸ Further information about these fees and the collection processes is beyond the scope of this guidance.
8. If you have any queries about this guidance, please contact the OfS finance team at FeeQueries@officeforstudents.org.uk or 0117 931 7027.

⁷ The regulations refer to these as 'ongoing fees'.

⁸ See <https://www.jisc.ac.uk/membership/higher-education-membership>.

Key terms used in this guidance

Annual registration fee: Fee payable by a provider of higher education that is registered with the OfS for a full registration year (1 August to 31 July).

Micro-provider: A registered provider with fewer than 300 FTE students that meets the Companies Act 2006 definition of a 'micro-entity'. These providers are entitled to a 100 per cent discount against initial or annual registration fees. See paragraph 41 for details.

New provider: A provider that is new to the sector with fewer than 1,000 FTE students. These providers are entitled to a discount of between 75 per cent and 25 per cent against the registration fees, depending on how long they have been registered. See paragraph 44 for details.

Registration year: A registration year runs from 1 August to 31 July. References to years in this guidance refer to registration years unless otherwise indicated. For example, '2026-27' refers to the period from 1 August 2026 to 31 July 2027.

Introduction and background

9. The OfS was established as the regulator for English higher education providers ('providers') by HERA. Section 70 of HERA provides for the OfS to charge an annual registration fee to providers that register with it.
10. The regulations set out the arrangements for the collection of registration fees. The Department for Education (DfE) set the levels that the OfS may charge for registration year 2025-26 in The Higher Education (Registration Fees)(England)(Amendment) Regulations 2025.⁹. The fee levels for 2026-27 are the same as the levels for 2025-26.
11. The OfS's operating costs were funded through government grants until 31 July 2019. From 1 August 2019, when the OfS's regulatory framework became fully operational, these costs are mainly funded from registration fees charged to providers registered by the OfS.
12. This document provides guidance on what providers need to do to pay their fees.
13. Condition G3 of the OfS regulatory framework requires registered providers to pay:
 - an annual registration fee and other OfS fees in accordance with regulations made by the Secretary of State
 - fees charged by the designated bodies.
14. This guidance covers the annual registration fee (and initial fee for providers that join the Register partway through a registration year) charged by the OfS. Any other fees that may be

⁹ See <https://www.legislation.gov.uk/uksi/2025/626/made>.

charged by the OfS, and fees charged by the designated data body, are beyond the scope of this guidance.

Annual registration fee

For providers that are included on the OfS Register before 1 August of the registration year

15. From 1 August 2019, providers that are registered with the OfS on 1 August of each year are required to pay the OfS an annual registration fee.¹⁰ The fee covers the period from 1 August to 31 July (the registration year).
16. The annual registration fee will vary between providers. Each provider will be placed in one of a range of fee bands based on the number of FTE higher education students it has. Annex A shows the annual registration fee bands for registration years 2025-26 and 2026-27.
17. The annual registration fee will be based on the latest student numbers data published by the OfS on or before 1 July before the beginning of the next registration year. For 2025-26, the fee will be based on the number of FTEs calculated from student data submitted to the designated data body (DDB) or Education and Skills Funding Agency (ESFA)¹¹ for the period 1 August 2023 to 31 July 2024 where available. For providers that did not return the Student record, Student Alternative record or Individualised Learner Record in line with requirements for OfS-registered providers in 2023-24, or where data submitted is assessed by the OfS as not of sufficient quality, information will be taken from the financial tables submitted as part of the Annual Financial Return (AFR) or from the financial tables submitted as part of the registration process.
18. We will calculate student numbers at a provider level in accordance with the principles and methods set out in our guidance on calculating student numbers.¹²

Annual registration fee – example

A provider with 600 student FTEs in the OfS student numbers data will be assessed as being in band G for the 2026-27 registration year. It will therefore be charged a registration fee of £56,451.

Fee notifications and queries

19. As required by the regulations, we will send you a fee notification which will set out the basis on which your annual fees have been calculated, net of any relevant discounts, and the date by which payment must be made. If you have chosen to pay in quarterly instalments (see paragraph 28), the date and amount for each instalment will also be set out.

¹⁰ This is referred to as an 'ongoing fee' in the regulations.

¹¹ The Education and Skills Agency became part of the Department for Education in April 2025. For the purposes of this paper, we refer to the ESFA as the organisation that collected Individualised Learner Record (ILR) data, as this was the organisation in place at the time of collecting the 2023-24 data.

¹² See www.officeforstudents.org.uk/data-and-analysis/student-numbers-for-regulatory-purposes/.

20. Please note that where a provider's systems require an invoice to be processed for a payment to be made, the fee notification should be used for this purpose. No separate invoice will be sent by the OfS. We are also unable to recognise purchase orders relating to registration fees.
21. We will send annual fee notifications to the fee contact you provide us with (see Annex B¹³) at least 30 days before the payment is due. Notification of the fees due for registration year 2026-27 are expected to be issued by **30 June 2026**.
22. If we have not received specific fee contact information, we will send the fee notification to the accountable officer.
23. Notifications will be sent by email and will therefore be deemed to be received on the same day the email is sent, unless this is after normal working hours (after 1700, Monday to Friday), in which case they will be assumed to have been received the following working day.
24. Please check your fee notification. If you wish to make representations in relation to the fee or any of the information used to calculate it, please contact the OfS finance team at FeeQueries@officeforstudents.org.uk within 14 days of receiving the notification.
25. Representations regarding fees must be made in writing. You must set out which aspects of the fee notification you are disputing, and why. We will aim to respond to you within two working days. However, complex cases may take longer to resolve.
26. On resolution of the representations, you will have a period of not less than 14 days to make the required payment. The exact payment date will be set out in our decision notification.

When are fee payments due?

27. Annual registration fees are due to be paid by 1 August of the registration year, or 30 days after you receive our notification of the amount due if later. For the 2026-27 registration year, fees are due to be paid on or before Saturday 1 August 2026 (please note that as this is not a normal banking day if you are paying by BACS cleared funds should be in our bank account by Friday 31 July 2026. Direct debit collections (annual payments or first instalment of quarterly payments) will be taken on Monday 3 August 2026.
28. We would prefer that annual registration fees are paid in a single payment to make the process as cost-effective as possible, this can be by direct debit or bank transfer. You may choose to pay registration fees by equal quarterly instalments, but we will collect them by direct debit.
29. If you wish to pay by quarterly instalments (rather than the default single annual payment), please **ensure you have advised the OfS of this**: select this option in Annex B¹⁴ and return it to FeeQueries@officeforstudents.org.uk, along with a completed direct debit mandate form (Annex C).

¹³ Available as a separate form at www.officeforstudents.org.uk/publications/payment-of-annual-ofs-registration-fees/.

¹⁴ Available as a separate form at www.officeforstudents.org.uk/publications/payment-of-annual-ofs-registration-fees/.

- If you have previously advised the OfS of this, you do not need to do this each year. However if your bank details have changed, you will need to complete a new direct debit mandate.

How should payments be made?

30. To maximise the efficiency of the fees collection process, we would prefer payment by direct debit (see paragraph 34). If you have requested to pay by equal quarterly instalments, you are required to pay by direct debit. If you are unable to sign up to the direct debit process, then payment must be made in full by bank transfer to the account listed on the fee notification.
31. If you elected to pay last year's registration fee by direct debit, and no changes to this are required, then you do not need to take any further action.
32. If you choose to pay your fees by bank transfer, you are responsible for ensuring that cleared funds are in our account on or before the due date (Saturday 1 August 2026), remembering that common forms of bank transfer take up to three working days to clear. Please ensure that the reference number provided in the fee notification letter is quoted.
33. Assuming you accurately complete the direct debit sign-up process in time, all payments will be deemed to be made by the due date. This will **not** be the case where appropriate requests for payment made by the OfS are rejected by your bank for reasons that are within your control (e.g. insufficient funds, or changes in bank details not communicated to the OfS).
34. To make your payment by direct debit, please complete and return the direct debit mandate form, in Annex C, to FeeQueries@officeforstudents.org.uk. Please ensure that this is fully completed and authorised by the appropriate signatories. The appropriate payment option should also be selected in Annex B. If you have previously advised the OfS of this payment method you do not need to do this each year; however, if your bank details have changed, you will need to complete a new direct debit mandate.

Providers leaving the Register

35. Providers that leave the OfS Register before the beginning of a registration year will not be charged a fee for that year (e.g. a provider that leaves the Register before 1 August 2026 will not be charged an annual registration fee for 2026-27). Providers that leave the OfS Register during a registration year must pay all fees for the year (or part year) that they were registered by the OfS. This will be equivalent to the annual registration fee adjusted to reflect the number of complete months on the Register. The OfS will determine the exact date a provider leaves the Register, taking into account relevant factors including the interests of students.

What happens next?

36. Please complete the following actions:

If you paid your fees by direct debit last year, and no changes are required to either contacts or bank accounts, then there is no further action for you to take.

If any contact details previously submitted have changed, complete the form at Annex B¹⁵ and email it to FeeQueries@officeforstudents.org.uk as soon as possible. For 2026-27 registration fees, this information should be received by the OfS **by 19 June 2026**. If we do not receive specific contact information for registration fees, we will send all registration fee notifications and follow-up correspondence to the accountable officer.

When completing Annex B, please ensure that you have selected your preferred payment mechanism. If you do not express a preference, we will assume that you are paying in a single payment by bank transfer.

If your bank account details have changed, or if you wish to pay by direct debit for the first time, complete the direct debit mandate in Annex C,¹⁶ ensuring it is properly authorised, and send to FeeQueries@officeforstudents.org.uk. Direct debit mandates should be received **by 19 June 2026** to be effective for the 2026-27 registration fees collection.

Please ensure that your systems are fully set up to enable you to pay the appropriate registration fee by the payment deadline. We will not complete new supplier forms (or equivalent) for providers or quote specific purchase order numbers on registration fee notifications. Annex D (in this document) includes all the details you should need in order to set up the OfS as a supplier on your finance system.

Table 1: Key dates and activities for 2025-26 annual registration fees

Action	Who is responsible?	Date
Issue guidance on fees to providers	OfS	5 June 2026
Return amended provider information (Annex B – separate document) to the OfS – including changes to payment frequency	Provider (if there are changes from previous year)	19 June 2026
Submit direct debit mandates (Annex C) for 2025-26 fees	Provider (if changing to direct debit payments or changing existing direct debit details)	19 June 2026
Issue fee notifications for annual registration fees (subject to the amendments to the regulations coming into force as laid)	OfS	30 June 2026
Submit any representations in respect of fee notifications	Provider	To be received by 14 days after fee notification
Issue 10-day direct debit notification of payments to be taken	OfS	17 July 2026
Transfer cleared funds to the OfS (where providers are paying by bank transfer)	Provider	Cleared funds to be received by 1 August 2026
Take direct debits from provider bank accounts (if paying annually)	OfS	3 August 2026
Take direct debits from providers paying by quarterly instalments	OfS	3 August 2026 2 November 2026 1 February 2027 3 May 2027

Discounts for micro-providers and new providers

For all registered providers (subject to specific criteria)

37. The regulations make provision for two types of discount in respect of annual or initial fees.
38. Providers do not need to apply for these discounts, as the OfS will determine eligibility from the information that it holds.
39. Providers may be eligible for a discount on the full annual or initial fee based on their assessed FTEs. These discounts are available for ‘micro-providers’ or ‘new providers’ (see paragraphs 41 to 46 below). Only one discount can be applied for each provider. Should you be eligible for both, we will automatically apply the micro-provider discount before the new provider discount.
40. Your fee notification will identify any discount that we have assessed you as being eligible for. If you believe that the discount applied is not correct, please follow the representations process in paragraphs 24 to 26.

Micro-providers

41. A micro-provider must have 300 or fewer FTE students **and** qualify as a 'micro-entity' under section 384A of the Companies Act 2006, on the basis of the most recent available audited accounts of the provider at the initial registration date or the annual assessment date each year.
42. In order to qualify as a micro-entity, a provider must meet **at least two** of the following basic conditions:
- its turnover must be not more than £1,000,000
 - the balance sheet total must be not more than £500,000
 - the average number of employees must be no more than 10.

Additional details of qualification criteria as a micro-entity can be found at www.legislation.gov.uk/ukpga/2006/46/section/384A. Note that the provision in Companies Act 2006 section 384B(1)(f) excluding a charity from qualifying as a micro-entity does not apply for the purposes of assessing qualification in respect of this discount.

43. A registered micro-provider is entitled to a 100 per cent discount in respect of both annual and initial registration fees. Any other fees associated with being on the Register (e.g. other OfS fees or fees charged by designated bodies) are still payable in full. The OfS will assess all providers to see whether they qualify as micro-providers. If a provider is eligible, this will be reflected on the fee notification issued.

New providers

44. To be eligible for the new provider discount, a new provider must have 1,000 or fewer FTE students and, immediately before admission to the Register, all of the following criteria must be met:
- a. It was not eligible for funding under section 65 of the Further and Higher Education Act 1992 at any time on or after 1 August 2014.
 - b. It has not provided higher education courses which were designated for the purposes of section 22 of the Teaching and Higher Education Act 1998 by or under regulations under that section at any time on or after 1 August 2014.
 - c. It has not previously been a registered higher education provider.
45. New providers are entitled to a tapering discount in the amounts they need to pay for both annual and initial fees. The discount reduces the amount of fee payable by between 75 per cent and 25 per cent over the first three full years of registration. Any other fees associated with being on the Register (e.g. other OfS fees or fees charged by designated bodies) are still payable in full. The OfS will assess all providers to see whether they qualify as a new provider; if so, this will be reflected in the fee notification issued.
46. For new providers that register **after 1 August 2019**, the discounts will apply to both initial and annual fees over the first three years of registration on a pro-rata basis.

New providers: Initial and annual fee calculation – example

A new provider joining the OfS Register in November 2021 will pay 25 per cent of the eight months' initial fee for 2021-22.

In 2022-23 it will pay 25 per cent of four months of the annual registration fee for that year, plus 50 per cent of the remaining eight months of that fee.

In 2023-24 it would pay 50 per cent of four months of the annual registration fee for that year, plus 75 per cent of the remaining eight months of that fee.

The final year of discount would be 2024-25, when it would pay 75 per cent of four months of the annual registration fee for that year and eight months at the full rate.

Annex A: Table of annual registration fees for 1 August 2026 to 31 July 2027 (and 1 August 2025 to 31 July 2026)

These figures are based on the table of annual registration fees as set out in The Higher Education (Registration Fees) (England) (Amendment) Regulations 2025¹⁷ as laid before Parliament on 30 May 2025.

Band	Full-time equivalent number range	Band fee
A	Not more than 25	£14,775
B	More than 25 and no more than 50	£18,283
C	More than 50 and no more than 75	£22,901
D	More than 75 and no more than 100	£28,688
E	More than 100 and no more than 300	£35,890
F	More than 300 and no more than 500	£45,001
G	More than 500 and no more than 1,000	£56,451
H	More than 1,000 and no more than 1,500	£70,857
I	More than 1,500 and no more than 2,500	£88,955
J	More than 2,500 and no more than 5,000	£111,794
K	More than 5,000 and no more than 10,000	£140,605
L	More than 10,000 and no more than 20,000	£176,987
M	More than 20,000	£222,850

¹⁷ See <https://www.legislation.gov.uk/ukSI/2025/626/made>.

Annex B: Provider details for registration fees

[Download the registration fees form from the OfS website.](#)

Newly registered providers should complete the form and email it within 14 days to FeeQueries@officeforstudents.org.uk.

For queries about this form, please call 0117 931 7027.

Existing providers need only complete this form if they wish to change their contact details or their preferred method of payment.

Annex C: Direct debit mandate

[Download the direct debit mandate form from the OfS website.](#)

Newly registered providers, or providers opting to pay by direct debit for the first time, should complete the mandate, ensuring that it is fully authorised in line with their bank mandate, and email it by 19 June 2026 to FeeQueries@officeforstudents.org.uk.

For queries about this form, please call 0117 931 7027.

Existing providers that have already completed a direct debit mandate need only complete this form if their bank account details have changed since the last registration fee payment was made.
