

HEIFES18 Workbook Table Exercises

These exercises describe some courses offered by a college. They are designed to give you practice in filling in the tables of the HEIFES18 workbook. All the courses described below can all be filled in on one set of tables (i.e. one workbook).

You should refer to the HEIFES18 guidance document, when completing these exercises.

Please note:

- ❖ Each course description includes data that is applicable to more than one table. However, no individual course will need you to fill in all the tables.
- ❖ In these examples, when considering fundability status for Home and EU students we have considered only ELQ status. In reality, other criteria may apply to make them non-fundable.

Courses table – LARS code look up.

Course title	LARS code
HNC in Business and Finance	00100576
BSc in Biological Sciences	00229726
MSc in Acoustics	00229736

BTEC HND Diploma in Construction and the Built Environment	50082747
BTEC HNC Diploma in Construction and the Built Environment (QCF)	50082760

- Use the LARS code to look up the course title from the list above. (Not all courses are used).
- Use this to identify the appropriate row on the Courses table to fill in.
- The Courses table has some information pre-filled. Other information (course title, the proportion of split price groups, length of course) you will need to work out and complete.
- There are spaces in each course's description to fill in price group, level, sub-level and length information – you may need this when completing Tables 1 to 6.
- The sub-levels available are as follows:
 - UG: The Frameworks for Higher Education Qualifications of UK Degree-Awarding Bodies (FHEQ) level 4 and 5 apprenticeship; FHEQ level 6+ apprenticeship; All other UG

- PG (UG fee): Apprenticeship; All other PG (UG fee)
- PG (Masters' loan): Apprenticeship; All other PG (Masters' loan)
- PG (Other): Apprenticeship; All other PG (Other)
- Where a course has students at different sub-levels (e.g. some students are taking the course as part of an apprenticeship and some are not), the LARS code can be entered more than once.
- For questions 1, 2 and 3 we have already filled in Column 1 on Tables 1, 2, 3 and 5, to represent the automatic calculation built into the workbook.
