Summary

1. This document describes the algorithms used to determine the list of courses from the Education and Skills Funding Agency (ESFA)'s 'Find a learning aim' service for inclusion in the Higher Education Students Early Statistics 2021-22 survey (HESES21) Courses table, and assign them to levels and price groups.¹ It applies to further education and sixth form colleges and academies only.
2. The file 'HESES21 Courses table learning aims.xlsx' should be used alongside this document. The learning aims in this file that are flagged as being included in HESES21 will be the same as those that are included in your provider's HESES21 workbook.
3. This document is aimed at readers with in-depth knowledge of the data. Readers are advised to have a copy of 'HESES21: Higher Education Students Early Statistics survey 2021-22' (OfS 2021.40) to hand when using this document.²

‘HESES21 Courses table learning aims.xlsx’ file

4. This file displays all higher education learning aims from the ESFA’s learning aims database across two worksheets:³
 - a. **Included** – Learning aims that are included in the HESES21 Courses table as they are classed as recognised higher education for OfS funding purposes according to the HESES21 definition.
 - b. **Excluded** – Learning aims that are NOT included in the HESES21 Courses table as they are not classed as recognised higher education for OfS funding purposes according to the HESES21 definition.
5. Each worksheet contains the fields listed in this document, either from the ESFA’s learning aims database, or derived by the Office for Students (OfS).

Learning aim appeals

6. If you believe that the information in the ‘HESES21 Courses table learning aims.xlsx’ file or your HESES21 workbook is incorrect, you may submit an appeal to the OfS for the information to be changed.
7. You may submit an appeal on any of the following grounds:
 - a. A learning aim has incorrectly been excluded from HESES21.
 - b. A price group has been incorrectly assigned.
 - c. A learning aim is not in the file or on the ESFA’s learning aims database.
8. If your appeal is in relation to a learning aim being excluded or an incorrect price group being assigned, then you must provide us with the following information:
 - a. The learning aim of the course that has the incorrect information.
 - b. The field(s) in the ‘HESES21 Courses table learning aims.xlsx’ file that are incorrect.
 - c. The correct values of any incorrect fields. You will need to justify why these should be changed.
9. If your appeal is in relation to a learning aim not being listed in either the file or in the ESFA’s learning aims database, then you must provide us with the following information:
 - a. The learning aim of the course (if known).
 - b. The course title.

³ That is, learning aims that are at Level 4 or higher according to NOTIONALNVQLEVELV2 in the ESFA’s learning aims database.

- c. LearnDirect class system (LDCS) code(s) for the learning aim (if known).
- d. The learning aim type or level of the course.
- e. Evidence that a request has been made to the ESFA for the aim to be added to their learning aims database (where relevant).

10. You will need to send the above information to heses@officeforstudents.org.uk.

11. We will supply a temporary learning aim for the course (if required) for the purposes of completing the HESES21 Courses table. We may ask you to remove or edit temporary learning aims for your return based on any subsequent updates to the ESFA's learning aims database.
