ALIGNING UNI CONNECT WITH ACCESS AND PARTICIPATION PLANS

This Learning Digest identifies learning points for Uni Connect partnerships in relation to aligning Uni Connect with Access and Participation Plans (APPs). It is based on interviews and a workshop with partnership leads conducted as part of as part of Uni Connect's formative evaluation (2019-2021). commissioned by the Office for Students. It is not intended to provide a definitive approach to aligning Uni Connect with APPs, rather some useful learning points for consideration. This learning digest is produced by Ipsos Mori, from independent research commissioned by the OfS. It does not necessarily reflect the OfS's views or position.

for most regions. Progress can take time and the recruitment of underrepresented groups can be challenging. Regional collaboration offers the potential to contribute to significant improvements and accelerate

Underrepresentation of some groups of learners in higher education (HE) remains a stubborn problem

of learners. With special thanks to all Uni Connect partnerships and particularly to:

progress in improving representation of some groups

partnership they are a part of. Aligning Uni Connect activity with Access and Participation Plans (APPs) has been identified as a key

Effective collaboration depends on partners' buy-in,

including their perceptions of the usefulness of the

success factor in supporting buy-in and reducing duplication, particularly in relation to specific targeted access programmes for underrepresented groups.
